

Your guide to SDG16+ at the 2019
High-Level Political Forum

SDG16+ Festival Guide

PATHFINDERS
FOR PEACEFUL, JUST AND INCLUSIVE SOCIETIES

Welcome to the SDG16+ Festival Guide –your destination for all SDG16+-related meetings and events taking place during the 2019 High-level Political Forum on Sustainable Development (HLPF), July 8th - 19th.

Under the theme of, “Empowering people and ensuring inclusiveness and equality,” the goals under ministerial review at the end of the first four-year cycle of the 2030 Agenda for Sustainable Development are:

Reduce inequality within and among countries

Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Also being reviewed are SDGs 4 (education), 8 (economic growth), 13 (climate change) and 17 (implementation and partnerships) (implementation and partnerships).

Hundreds of events will take place during this two-week period, both at UN Headquarters and elsewhere in New York City. In this guide, we highlight the official events related to the first ever review of SDG16 and SDG10, as well as the SDG16+-related side events and receptions happening on the margins of the HLPF.

The 2019 HLPF is a crucial opportunity for the SDG16+ community to shine a spotlight on the movement to build peaceful, just and inclusive societies. By maximizing impact at the HLPF in July, together we will be able to take the momentum forward to the SDG Summit in September, when countries have been asked to register Acceleration Actions for all SDGs.

*Kindly note that Pathfinders does not manage invitations or registration for events in the SDG16+ Festival Guide. If you are interested in participating in an event listed, please contact the event organizer.

“There can be no sustainable development without peace, and no peace without sustainable development.”

SDG Summit

An opportunity to commit to SDG16+

Following HLPF, the 2019 SDG Summit will be held on 24 and 25 September, during the high level week that marks the opening of the 74th session of the UN General Assembly.

During the Summit, Heads of State and Government will come to New York to assess progress on all 17 SDGs so far and to, “mobilize further actions to accelerate implementation.”

Member States, and other stakeholders, including civil society, local authorities, private sector, scientific and technological community, academia, and others will be called on to pledge accelerator commitments to implement and finance policies and programs at the scale needed to deliver and demonstrate measurable progress across the SDG targets by 2023. These commitments are gathered in the UN Global Registry for Voluntary Commitments.

Placing these commitments at the heart of a broader mobilization, the SDG16+ community can further energize the global, regional, and national partnerships that are vital to the success of all the SDGs—especially SDG16+.

SDG16+ and the Future We Want: Reception

Building Momentum on the Grand Challenge on Inequality and Exclusion

Side Event on SDG16 Implementation and Violence Prevention

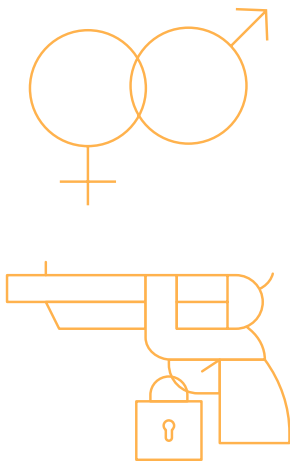

Gender Equality, Arms Control and the 2030 Agenda

Organised By: Permanent Mission of Germany to the UN, Pathfinders, African Women Leaders Network (AWLN), African Union

Date & Time: July 12, 12:30- 2:30PM

Address: Permanent Mission of Germany to the United Nations, 871 United Nations Plaza 10017

Small Arms and Light Weapons pose significant security and safety risks to populations worldwide. Globally, firearms are used in an estimated 46 percent of all violent deaths, impede development, drive irregular migration, and contribute to tossing entire regions into conflict and instability.

The Pathfinders for Peaceful, Just and Inclusive Societies, along with Germany, Namibia, the African Union and the Small Arms Survey will host a side event that will discuss the ways of further linking SDG5 and SDG16 in the framework of regional approaches to arms control.

This side event builds on sharing experiences of experts in the arms control and disarmament field, lessons learned from regional roadmaps for comprehensive small arms and light weapons control, and outlines specific findings of a regional workshop in Addis Ababa held in May 2019 on the linkages between gender equality and small arms control. In particular, this event will outline a path forward and build on the expertise within the African Women’s Leader Network and others in reaching the goals of the African Union’s Plan of Action to “Silence the Guns in Africa until 2020.” Lastly the event will present and discuss strategic and operational pathways forward for the meaningful participation of women in small arms and light weapons control.

“Justice for All”

Organised By: Task Force on Justice, Permanent Mission of the Kingdom of the Netherlands to the UN, Permanent Mission of the Republic of Argentina to the UN, Permanent Mission of Sierra Leone to the UN, The Elders, Namati, Open Society Justice Initiative

Date & Time: July 15, 5:30pm- 7:30pm

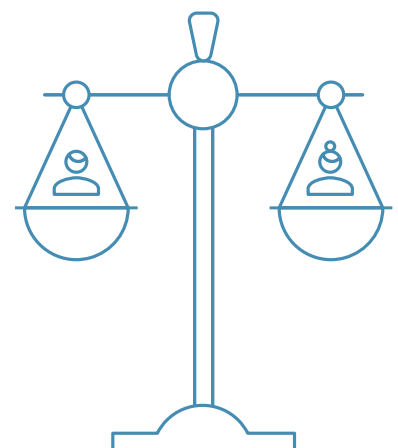

Address: Millennium Hotel, One United Nations Plaza, New York, NY 10017

A vibrant community of countries, organizations and people is coming together to lead the work on Justice for All. Led by Argentina, the Netherlands, Sierra Leone and the Elders, the Task Force on Justice was created to accelerate the implementation of SDG16.3. Working closely with justice partners, the Task Force has developed an agenda for action that will help deliver the SDG targets that promise justice for all. This agenda is set out in its report: *Justice for All*.

On the eve of the high-level segment of the High-Level Political Forum, the Ministry of Foreign Affairs of the Netherlands, the Elders, Namati, open Society Justice Initiative and the Task Force on Justice, will co-host a ‘Justice for All’ networking reception, for interested members of country delegations to the HLPF, civil society representatives and justice partners.

The event will feature the launch of the ‘Justice for All’ report, with brief remarks by the co-chairs, ministers of Argentina, the Netherlands and Sierra Leone, and the Elders, an inspirational talk on Justice for All by a global justice leader, as well as the 2019 prize ceremony for Namati’s Grassroots Justice Award, to be awarded by Mary Robinson, chair of The Elders.

A networking reception will follow. Registration is required for this event.

SDG16+ and the Future We Want

Organised By: Pathfinders, Global Alliance, 16+ Forum, TAP Network, LexisNexis and UK Mission to the UN

Date & Time: July 16, 6:15-7:30pm

Address: UNHQ, Trusteeship Council Chamber

How do we create the future we want that incorporates peace, justice, and inclusion for all? How can we draw attention to the specific needs of people, communities, and societies that face the greatest risk of being left behind due to violence, injustice, exclusion, and poor governance?

The Pathfinders for Peaceful, Just and Inclusive Societies, the 16+ Forum, and the Global Alliance, in partnership with LexisNexis, TAP, and the UK Mission to the UN, will host a high-level side event that aims to showcase ‘what works’ to achieve progress on SDG16+ at all levels, galvanize political will for investment in evidence-based actions, and empower all – including the youth – to accelerate progress on SDG16+.

This event will focus on the importance of SDG16+, its interlinkages to all SDGs, and as an enabler of the 2030 Agenda. Additionally, the event will celebrate national experiences of SDG16, such as those highlighted in the VNRS. Finally the side event will promote political will and forward-looking, multi-stakeholder commitments to accelerate SDG16+ implementation in the next four-year cycle of the 2030 Agenda.

SDG16+ and the Future We Want: Reception

Organised By: Pathfinders, Global Alliance, 16+ Forum, TAP Network, LexisNexis and UK Mission to the UN

Date & Time: July 16, 7:30 - 9:00pm

Address: Ford Foundation (Reception), 320 E 43rd St, 10017

The SDG16+ targets of peace, justice, and inclusion are universal for all states around the globe. Faced with similar challenges and united by the same prospect, countries can greatly benefit from exchanging information and joining forces on the way to combating violence, injustice, and exclusion. To attain the final goal, member states and partners not only need to celebrate successful initiatives, but also increase commitments to foster evidence-based actions that advance and build on current efforts to achieve SDG16+ targets.

The Pathfinders, 16+ Forum, and the Global Alliance for Reporting Progress on Peaceful, Just and Inclusive Societies, in collaboration with Lexis Nexis, TAP, and the UK Mission to the UN, will host a reception to strengthen countries’ existing engagements and encourage further commitments for SDG16+.

The event will serve as a platform for member states, key stakeholders, and partners to reflect on challenges and showcase effective policies in the pursuit of peaceful and inclusive societies. The discussion will allow countries to make additional commitments that will accelerate advances towards achieving SDG16+, with the goal of setting concrete plans for the implementation of these commitments.

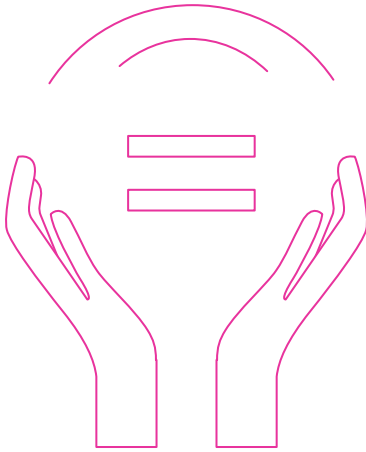

Building Momentum on the Grand Challenge on Inequality and Exclusion

Organised By: Pathfinders, Republic of Korea, Sweden, Tunisia and Indonesia

Date & Time: July 17, 09:00-11:00am

Address: Permanent Mission of the Republic of Korea to the United Nations, 335 E. 45th St., TBD

What policies, approaches and models work to deal with rising global inequality and exclusion? How can governments, civil society, the private sector and, other stakeholders advance social, economic, and political inclusion and equality around the world?

The Pathfinders, in association with the Republic of Korea, Sweden, Tunisia and Indonesia, will host a high-level side event aimed at deepening engagement and support amongst member states and key stakeholders working to build more equal and inclusive societies, economies, and political institutions.

At this event, high-level participants will showcase examples of successful policy initiatives undertaken by a number of countries and stakeholders to deal with rising inequality and exclusion. Examples of international and national implementation and commitment, with a focus on innovative approaches, visions, models, and tools that member states have developed in line with their national circumstances and priorities will be highlighted, and a new ‘challenge paper’ on the grand challenge of inequality and exclusion will be launched.

Side Event on SDG16 Implementation and Violence Prevention

Organised By: Organized by: g7+ Secretariat, Korea International Cooperation Agency (KOICA), Permanent Mission of Sierra Leone, Permanent Mission of Timor-Leste, Republic of Korea, Pathfinders

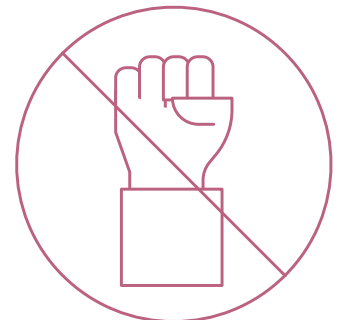

Date & Time: July 17, 1:15 - 2:30pm

Address: Permanent Mission of Afghanistan to the United Nations in New York, 633 3rd Ave A, New York, NY 10017

For conflict-affected countries, attaining peace and resilience is an overarching priority. The g7+ member states draw from common experiences of violence in the past and work towards stability and development, with the help of national and international actors. Sharing a history of conflict and the goal of peace presents a unique opportunity for those states to learn from each other’s progress and collaborate to achieve the targets of SDG 16.

Recognizing this prospect, The Pathfinders for Peaceful, Just and Inclusive Societies of the NYU Center on International Cooperation in collaboration with the g7+ Secretariat and the Permanent Missions of Sierra Leone, Timor-Leste and Republic of Korea, will convene a high-level side event with the aim to facilitate and strengthen the relations between countries affected by conflict on their way to peace, justice and inclusion.

During this event, member states will present a summary of findings of 20 indicators and their VNR, highlighting progress on implementing SDG 16, as well as sharing challenges they have encountered in the process. Drawing from those presentations, the high-level participants will identify common trends, successful strategies and effective policies for peaceful state building, economic and social development that can be implemented in the context of conflict-affected countries.

Addressing land and conflict to achieve the SDGs through conflict-sensitive development

Land is understood as a root cause of conflict and a bottleneck to development. The Great Lakes is an example of how coherent and sustained engagement on land paves the way for conflict-sensitive management of natural resources and longer-term stability. Somalia and Afghanistan illustrate how land value can be captured by local governments to generate revenue, invest in basic resources, and rebuild the social contract. Fit-for-purpose approaches to land administration, more conflict sensitive investments, and stricter UN system-wide coherence (Secretary-General Guidance Note on land and conflict) create opportunities to sustain peace and accelerate the localization of the SDGs

Power to the People: Civic space for climate justice, equality and decent work for all

From protecting the Amazon to exposing unprecedented inequality, concentration of power, and corruption, civil society is often on the front-lines working for a more just and inclusive world. Yet all too often, power holders are violating the fundamental freedoms (SDG 16.10) of the very people working for sustainable development instead of empowering them. It's time for a brave, bold vision that truly recognises and supports the central role of civil society (SDGs 16 and 17) in achieving climate justice (SDG 13), equality (SDG 10), and decent work for all (SDG 8). Speakers include Clément Nyaletsossi Voule – Special Rapporteur on the rights to freedom of peaceful assembly – and civil society leaders from Brazil, Sudan, Colombia, and the Philippines. Gender Equal Arms Control: – Leveraging the 2030 Agenda to Promote Peace

The presence of Small Arms and Light Weapons (SALW) impedes development and regional stability and aggravates irregular migration and gender-based violence. Yet the gendered nature of armed violence as well as women's meaningful participation in arms control efforts remains insufficiently addressed. In partnership with African nations, this side event will outline lessons learned from regional roadmaps, feature experiences from arms control experts, and identify pathways to strengthen meaningful participation of women to devise comprehensive and gender equal SALW control measures.

The Roadmap for Peaceful, Just and Inclusive Societies

The Roadmap for Peaceful, Just And Inclusive Societies was first launched in September 2017 at the 72nd Session of the UN General Assembly, and revised in July 2019 for the High-level Political Forum. The roadmap provides a shared vision for how to deliver the 2030 Agenda targets for peaceful, just and inclusive societies (SDG16+).

Justice for All – The report of the Task Force on Justice

Drawing on research by the world's leading justice organizations and experts, the report of the Task Force on Justice provides a first estimate of the global justice gap, and makes the case for shifting from a model that provides justice only for the few, to one that delivers measurable improvements in justice for all.

Get your copy at: www.justice.sdg16.plus/report

Grand Challenge on Inequality and Exclusion – Challenge Paper

Inequality is one of the most pressing political issues of our age. This paper identifies practical and politically viable solutions to meet the SDG targets on equitable and inclusive societies, such as ensuring political inclusion and countering polarization; addressing spatial inclusion; outlining fiscal compromises; highlighting innovative social protection and social services; and exploring the challenges and benefits of new technology, including the informalization of employment.

Get your copy at: www.cic.nyu.edu/publications/challenge-paper-inequality-and-exclusion (Available July 17th)

Challenge paper: “Disarmament, Development Gender and Violence Prevention”

This challenge paper outlines the centrality of disarmament within the broader context of violence prevention, connecting the discussion squarely to the beneficial inclusion of women and pulling examples from across the African continent to provide context to the debate. It also proposes limited next steps to help advance cooperation and thinking.
